

## METHRESCUE INSTANT RESULTS METH TESTING KIT

This kit provides an incredibly fast result once applied to the intended surfaces, telling you within 1-2 minutes if there is meth residue present. This kit will work perfectly for both residential and commercial properties, as well as any other enclosed structure that may have been exposed to meth.

### APPLICATIONS:

- Testing rentals/houses with suspected meth use/cooking
- Meth Clean Verification
- Testing vehicles/boats interiors for contamination

### BENEFITS:

- Easy to use, great DIY solution
- Low variation in results, sensitive
- Have results within 1 – 2 minutes
- Yes/no results
- Low cost solution to meth testing in comparison to lab analysis
- Can detect drugs in a sample of levels of 0.5 micrograms per 100 sq cm
- 10 x MMC Forensic Narcotic Methamphetamine Screening Tests
- 10 x Bottles of Special Buffer Solution
- 10 x Templates
